FIRST REGULAR SESSION

[PERFECTED]

HOUSE COMMITTEE SUBSTITUTE FOR

HOUSE BILL NO. 630

97TH GENERAL ASSEMBLY

1719H.02P D. ADAM CRUMBLISS, Chief Clerk

AN ACT

To repeal sections 620.1881 and 620.1910, RSMo, and to enact in lieu thereof three new sections relating to the manufacturing jobs act.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Sections 620.1881 and 620.1910, RSMo, are repealed and three new sections enacted in lieu thereof, to be known as sections 620.1881, 620.1910, and 620.1915, to read as follows:

620.1881. 1. The department of economic development shall respond within thirty days to a company who provides a notice of intent with either an approval or a rejection of the notice of intent. The department shall give preference to qualified companies and projects targeted at an area of the state which has recently been classified as a disaster area by the federal government. Failure to respond on behalf of the department of economic development shall result in the notice of intent being deemed an approval for the purposes of this section. A qualified company who is provided an approval for a project shall be allowed a benefit as provided in this program in the amount and duration provided in this section. A qualified company may receive additional periods for subsequent new jobs at the same facility after the full initial period if the minimum thresholds are met as set forth in sections 620.1875 to 620.1890. There is no limit on the number of periods a qualified company may participate in the program, as long as the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper compliance for this program or other state programs. A qualified company may elect to file a notice of intent to start a new project period concurrent with an existing project period if the minimum thresholds are achieved and the qualified company provides the department with the required reporting and is in proper

EXPLANATION — Matter enclosed in bold-faced brackets **[**thus**]** in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

compliance for this program and other state programs; however, the qualified company may not receive any further benefit under the original approval for jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent may not be included as new jobs for the purpose of benefit calculation in relation to the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (19) of section 620.1878 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, any qualified company that is awarded benefits under this program may not simultaneously receive tax credits or exemptions under sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 at the same project facility. The benefits available to the company under any other state programs for which the company is eligible and which utilize withholding tax from the new jobs of the company must first be credited to the other state program before the withholding retention level applicable under the Missouri quality jobs act will begin to accrue. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act, sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified company also participates in the new jobs training program in sections 178.892 to 178.896, the company shall retain no withholding tax, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this subdivision. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in the new job training program shall be increased by an amount equivalent to the withholding tax retained by that company under the new jobs training program. However, if the combined benefits of the quality jobs program and the new jobs training program exceed the projected state benefit of the project, as determined by the department of economic development through a cost-benefit analysis, the increase in the maximum tax credits shall be limited to the amount that would not cause the combined benefits to exceed the projected state benefit. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

3. The types of projects and the amount of benefits to be provided are:

(1) Small and expanding business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage;

(2) Technology business projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount equal to a maximum of five percent of new payroll for a period of five years from the date the required number of jobs were created from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 if the average wage of the new payroll equals or exceeds the county average wage. An additional one-half percent of new payroll may be added to the five percent maximum if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county average wage in the county in which the project facility is located, plus an additional one-half percent of new payroll may be added if the average wage of the new payroll in any year exceeds one hundred forty percent of the average wage in the county in which the project facility is located. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(3) High impact projects: in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the program, a qualified company may retain an amount from the withholding tax of the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265, equal to three percent of new payroll for a period of five years from the date the required number of jobs were created if the average wage of the new payroll equals or exceeds the county average wage of the county in which the project facility is located. For high-impact projects in a facility located within two adjacent counties, the new payroll shall equal or exceed the higher county average wage of the adjacent counties. The percentage of payroll allowed under this subdivision shall be three and one-half percent of new payroll if the average wage of the new payroll in any year exceeds one hundred twenty percent of the county

average wage in the county in which the project facility is located. The percentage of payroll allowed under this subdivision shall be four percent of new payroll if the average wage of the new payroll in any year exceeds one hundred forty percent of the county average wage in the county in which the project facility is located. An additional one percent of new payroll may be added to these percentages if local incentives equal between ten percent and twenty-four percent of the new direct local revenue; an additional two percent of new payroll is added to these percentages if the local incentives equal between twenty-five percent and forty-nine percent of the new direct local revenue; or an additional three percent of payroll is added to these percentages if the local incentives equal fifty percent or more of the new direct local revenue. The department shall issue a refundable tax credit for any difference between the amount of benefit allowed under this subdivision and the amount of withholding tax retained by the company, in the event the withholding tax is not sufficient to provide the entire amount of benefit due to the qualified company under this subdivision;

(4) Job retention projects: a qualified company may receive a tax credit for the retention of jobs in this state, provided the qualified company and the project meets all of the following conditions:

(a) For each of the twenty-four months preceding the year in which application for the program is made the qualified company must have maintained at least one thousand full-time employees at the employer's site in the state at which the jobs are based, and the average wage of such employees must meet or exceed the county average wage;

(b) The qualified company retained at the project facility the level of full-time employees that existed in the taxable year immediately preceding the year in which application for the program is made;

(c) The qualified company is considered to have a significant statewide effect on the economy, and has been determined to represent a substantial risk of relocation from the state by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development;

(d) The qualified company in the project facility will cause to be invested a minimum of seventy million dollars in new investment prior to the end of two years or will cause to be invested a minimum of thirty million dollars in new investment prior to the end of two years and maintain an annual payroll of at least seventy million dollars during each of the years for which a credit is claimed; and

(e) The local taxing entities shall provide local incentives of at least fifty percent of the new direct local revenues created by the project over a ten-year period. The quality jobs advisory task force may recommend to the department of economic development that appropriate penalties be applied to the company for violating the agreement. The amount of the job retention credit granted may be equal to up to fifty percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of five years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a job retention project or combination of job retention projects shall be seven hundred fifty thousand dollars per year, but the maximum amount may be increased up to one million dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887; provided, however, until such time as the initial at-large members of the quality jobs advisory task force are appointed, this determination shall be made by the director of the department of economic development. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting the increased limit on behalf of the job retention project. In no event shall the total amount of all tax credits issued for the entire job retention program under this subdivision exceed three million dollars annually. Notwithstanding the above, no tax credits shall be issued for job retention projects approved by the department after August 30, 2013;

(5) Small business job retention and flood survivor relief: a qualified company may receive a tax credit under sections 620.1875 to 620.1890 for the retention of jobs and flood survivor relief in this state for each job retained over a three-year period, provided that:

(a) The qualified company did not receive any state or federal benefits, incentives, or tax relief or abatement in locating its facility in a flood plain;

(b) The qualified company and related companies have fewer than one hundred employees at the time application for the program is made;

(c) The average wage of the qualified company's and related companies' employees must meet or exceed the county average wage;

(d) All of the qualified company's and related companies' facilities are located in this state;

(e) The facilities at the primary business site in this state have been directly damaged by floodwater rising above the level of a five hundred year flood at least two years, but fewer than eight years, prior to the time application is made;

(f) The qualified company made significant efforts to protect the facilities prior to any impending danger from rising floodwaters;

(g) For each year it receives tax credits under sections 620.1875 to 620.1890, the qualified company and related companies retained, at the company's facilities in this state, at least the level of full-time, year-round employees that existed in the taxable year immediately preceding the year in which application for the program is made; and

(h) In the years it receives tax credits under sections 620.1875 to 620.1890, the company cumulatively invests at least two million dollars in capital improvements in facilities and equipment located at such facilities that are not located within a five hundred year flood plain as designated by the Federal Emergency Management Agency, and amended from time to time. The amount of the small business job retention and flood survivor relief credit granted may be equal to up to one hundred percent of the amount of withholding tax generated by the full-time jobs at the project facility for a period of three years. The calendar year annual maximum amount of tax credit that may be issued to any qualified company for a small business job retention and survivor relief project shall be two hundred fifty thousand dollars per year, but the maximum amount may be increased up to five hundred thousand dollars if such action is proposed by the department and approved by the quality jobs advisory task force established in section 620.1887. In considering such a request, the task force shall rely on economic modeling and other information supplied by the department when requesting an increase in the limit on behalf of the small business job retention and flood survivor relief project. In no event shall the total amount of all tax credits issued for the entire small business job retention and flood survivor relief program under this subdivision exceed five hundred thousand dollars annually. Notwithstanding the provisions of this subdivision to the contrary, no tax credits shall be issued for small business job retention and flood survivor relief projects approved by the department after August 30, 2010.

(6) A manufacturer of firearms, ammunition, or parts thereof that relocates to Missouri or an existing manufacturer of firearms, ammunition, or parts thereof that expands in Missouri, in exchange for the consideration provided by the new tax revenues and other economic stimuli that will be generated by the new jobs created by the relocation or expansion, a qualified company may retain an amount equal to the withholding tax as calculated under subdivision (33) of section 620.1878 from the new jobs that would otherwise be withheld and remitted by the qualified company under the provisions of sections 143.191 to 143.265 for a period of three years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds the county average wage or for a period of five years from the date the required number of new jobs were created if the average wage of the new payroll equals or exceeds one hundred twenty percent of the county average wage. The maximum amount that may be retained by a qualifying company under this subsection is three million dollars annually. This subsection shall sunset six years after this subsection becomes effective.

4. The qualified company shall provide an annual report of the number of jobs and such other information as may be required by the department to document the basis for the benefits of this program. The department may withhold the approval of any benefits until it is satisfied

that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or new payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the minimum number of new jobs and the average wage exceeds the county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the county average wage and the minimum number of new jobs. In such annual report, if the average wage is below the county average wage, the qualified company has not maintained the employee insurance as required, or if the number of new jobs is below the minimum, the qualified company shall not receive tax credits or retain the withholding tax for the balance of the benefit period. In the case of a qualified company that initially filed a notice of intent and received an approval from the department for high-impact benefits and the minimum number of new jobs in an annual report is below the minimum for high-impact projects, the company shall not receive tax credits for the balance of the benefit period but may continue to retain the withholding taxes if it otherwise meets the requirements of a small and expanding business under this program.

5. The maximum calendar year annual tax credits issued for the entire program shall not exceed eighty million dollars. Notwithstanding any provision of law to the contrary, the maximum annual tax credits authorized under section 135.535 are hereby reduced from ten million dollars to eight million dollars, with the balance of two million dollars transferred to this program. There shall be no limit on the amount of withholding taxes that may be retained by approved companies under this program.

6. The department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and the other factors in the determination of benefits of this program. However, the annual issuance of tax credits is subject to the annual verification of the actual new payroll. The allocation of tax credits for the period assigned to a project shall expire if, within two years from the date of commencement of operations, or approval if applicable, the minimum thresholds have not been achieved. The qualified company may retain authorized amounts from the withholding tax under this section once the minimum new jobs thresholds are met for the duration of the project period. No benefits shall be provided under this program until the qualified company meets the minimum new jobs thresholds. In the event the qualified company does not meet the minimum new job threshold, the qualified company may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company at the project facility or other facilities.

7. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

8. Tax credits may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward but shall be claimed within one year of the close of the taxable year for which they were issued, except as provided under subdivision (4) of subsection 3 of this section.

9. Tax credits authorized by this section may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department.

10. Prior to the issuance of tax credits, the department shall verify through the department of revenue, or any other state department, that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of insurance, financial institutions and professional registration that the applicant does not owe any delinquent insurance taxes. Such delinquency shall not affect the authorization of the application for such tax credits, except that at issuance credits shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue or the department of insurance, financial institutions and professional registration, or any other state department, concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

11. Except as provided under subdivision (4) of subsection 3 of this section, the director of revenue shall issue a refund to the qualified company to the extent that the amount of credits allowed in this section exceeds the amount of the qualified company's income tax.

12. An employee of a qualified company will receive full credit for the amount of tax withheld as provided in section 143.211.

13. If any provision of sections 620.1875 to 620.1890 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of

these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.1875 to 620.1890 are hereby declared severable.

620.1910. 1. This section shall be known and may be cited as the "Manufacturing Jobs Act".

2. As used in this section, the following terms mean:

(1) "Approval", a document submitted by the department to the qualified manufacturing company or qualified supplier that states the benefits that may be provided under this section;

(2) "Capital investment", expenditures made by a qualified manufacturing company to retool or reconfigure a manufacturing facility directly related to the manufacturing of a new product or the expansion or modification of the manufacture of an existing product;

(3) "County average wage", the same meaning as such term is defined in section 620.1878;

(4) "Department", the department of economic development;

(5) "Facility", a building or buildings located in Missouri at which the qualified manufacturing company manufactures a product;

(6) "Full-time job", a job for which a person is compensated for an average of at least thirty-five hours per week for a twelve-month period, and one for which the qualified manufacturing company or qualified supplier offers health insurance and pays at least fifty percent of such insurance premiums;

(7) **[**"NAICS industry classification", the most recent edition of the North American Industry Classification System as prepared by the Executive Office of the President, Office of Management and Budget;

(8)**]** "New job", the same meaning as such term is defined in section 620.1878;

[(9)**]** **(8)** "New product", a new model or line of a manufactured good that has not been manufactured in Missouri by the qualified manufacturing company at any time prior to the date of the notice of intent, or an existing brand, model, or line of a manufactured good that is redesigned with more than seventy-five percent new exterior body parts and incorporates new powertrain options;

[(10)**]** **(9)** "Notice of intent", a form developed by the department, completed by the qualified manufacturing company or qualified supplier and submitted to the department which states the qualified manufacturing company's or qualified supplier's intent to create new jobs or retain current jobs and make additional capital investment, as applicable, and request benefits under this section. The notice of intent shall specify the minimum number of such new or retained jobs and the minimum amount of such capital investment;

[(11)**]** **(10)** "Qualified manufacturing company", a business with a **[**NAICS code of 33611**]** **SIC code from Division D (Manufacturing), Major Groups 20 to 39** that:

(a) Manufactures goods at a facility in Missouri;

(b) In the case of the manufacture of a new product, commits to make a capital investment of at least seventy-five thousand dollars per retained job within no more than two years of the date the qualified manufacturing company begins to retain withholding tax under this section, or in the case of the modification or expansion of the manufacture of an existing product, commits to make a capital investment of at least fifty thousand dollars per retained job within no more than two years of the date the qualified manufacturing company begins to retain withholding tax under this section;

(c) Manufactures a new product or has commenced making capital improvements to the facility necessary for the manufacturing of such new product, or modifies or expands the manufacture of an existing product or has commenced making capital improvements to the facility necessary for the modification or expansion of the manufacture of such existing product; and

(d) Continues to meet the requirements of paragraphs (a) to (c) of this subdivision for the withholding period;

[(12)**] (11)** "Qualified supplier", a manufacturing company that:

(a) Attests to the department that it derives more than ten percent of the total annual sales of the company from sales to a qualified manufacturing company;

(b) Adds five or more new jobs;

(c) Has an average wage, as defined in section 135.950, for such new jobs that are equal to or exceed the lower of the county average wage for Missouri as determined by the department using **[**NAICS industry**] SIC system** classifications, but not lower than sixty percent of the statewide average wage; and

(d) Provides health insurance for all full-time jobs and pays at least fifty percent of the premiums of such insurance;

[(13)**] (12)** "Retained job", the number of full-time jobs of persons employed by the qualified manufacturing company located at the facility that existed as of the last working day of the month immediately preceding the month in which notice of intent is submitted;

(13) "SIC", the standard industrial classification as such classifications are defined in the 1987 edition of the standard industrial classification manual as prepared by the executive office of the president, office of management and budget;

(14) "Statewide average wage", an amount equal to the quotient of the sum of the total gross wages paid for the corresponding four calendar quarters divided by the average annual employment for such four calendar quarters, which shall be computed using the Quarterly Census of Employment and Wages Data for All Private Ownership Businesses in Missouri, as published by the Bureau of Labor Statistics of the United States Department of Labor;

(15) "Withholding period", the seven- or ten-year period in which a qualified manufacturing company may receive benefits under this section;

(16) "Withholding tax", the same meaning as such term is defined in section 620.1878.

3. The department shall respond within thirty days to a qualified manufacturing company or a qualified supplier who provides a notice of intent with either an approval or a rejection of the notice of intent. Failure to respond on behalf of the department shall result in the notice of intent being deemed an approval for the purposes of this section.

4. A qualified manufacturing company that manufactures a new product may, upon the department's approval of a notice of intent and the execution of an agreement that meets the requirements of subsection 9 of this section, but no earlier than January 1, 2012, retain one hundred percent of the withholding tax from full-time jobs at the facility for a period of ten years. A qualified manufacturing company that modifies or expands the manufacture of an existing product may, upon the department's approval of a notice of intent and the execution of an agreement that meets the requirements of subsection 9 of this section, but no earlier than January 1, 2012, retain fifty percent of the withholding tax from full-time jobs at the facility for a period of seven years. Except as otherwise allowed under subsection 7 of this section, the commencement of the withholding period may be delayed by no more than twenty-four months after execution of the agreement at the option of the qualified manufacturing company. Such qualified manufacturing company shall be eligible for participation in the Missouri quality jobs program in sections 620.1875 to 620.1890 for any new jobs for which it does not retain withholding tax under this section, provided all qualifications for such program are met.

5. A qualified supplier may, upon approval of a notice of intent by the department, retain all withholding tax from new jobs for a period of three years from the date of approval of the notice of intent or for a period of five years if the supplier pays wages for the new jobs equal to or greater than one hundred twenty percent of county average wage. Notwithstanding any other provision of law to the contrary, a qualified supplier that is awarded benefits under this section shall not receive any tax credit or exemption or be entitled to retain withholding under sections 100.700 to 100.850, sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, sections 135.900 to 135.906, sections 135.950 to 135.970, or section 620.1881 for the same jobs.

6. Notwithstanding any other provision of law to the contrary, the maximum amount of withholding tax that may be retained by any one qualified manufacturing company under this section shall not exceed ten million dollars per calendar year. The aggregate amount of withholding tax that may be retained by all qualified manufacturing companies under this section shall not exceed **[**fifteen**]** **sixty** million dollars per calendar year.

7. Notwithstanding any other provision of law to the contrary, any qualified manufacturing company that is awarded benefits under this section shall not simultaneously

receive tax credits or exemptions under sections 100.700 to 100.850, sections 135.100 to 135.150, sections 135.200 to 135.286, section 135.535, or sections 135.900 to 135.906 for the jobs created or retained or capital improvement which qualified for benefits under this section. The benefits available to the qualified manufacturing company under any other state programs for which the qualified manufacturing company is eligible and which utilize withholding tax from the jobs at the facility shall first be credited to the other state program before the applicable withholding period for benefits provided under this section shall begin. These other state programs include, but are not limited to, the new jobs training program under sections 178.892 to 178.896, the job retention program under sections 178.760 to 178.764, the real property tax increment allocation redevelopment act under sections 99.800 to 99.865, or the Missouri downtown and rural economic stimulus act under sections 99.915 to 99.980. If any qualified manufacturing company also participates in the new jobs training program in sections 178.892 to 178.896, such qualified manufacturing company shall not retain any withholding tax that has already been allocated for use in the new jobs training program. Any qualified manufacturing company or qualified supplier that is awarded benefits under this program and knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any withholding taxes already retained. Subsection 5 of section 285.530 shall not apply to qualified manufacturing companies or qualified suppliers which are awarded benefits under this program.

8. The department may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

9. Within six months of completion of a notice of intent required under this section, the qualified manufacturing company shall enter into an agreement with the department that memorializes the content of the notice of intent, the requirements of this section, and the consequences for failing to meet such requirements, which shall include the following:

(1) If the amount of capital investment made by the qualified manufacturing company is not made within the two-year period provided for such investment, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at the facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period. In addition, the qualified manufacturing company shall repay any amounts of withholding tax

retained plus interest of five percent per annum. However, in the event that such capital investment shortfall is due to economic conditions beyond the control of the qualified manufacturing company, the director may, at the qualified manufacturing company's request, suspend rather than terminate its privilege to retain withholding tax under this section for up to three years. Any such suspension shall extend the withholding period by the same amount of time. No more than one such suspension shall be granted to a qualified manufacturing company;

(2) If the qualified manufacturing company discontinues the manufacturing of the new product and does not replace it with a subsequent or additional new product manufactured at the facility at any time during the withholding period, the qualified manufacturing company shall immediately cease retaining any withholding tax with respect to jobs at that facility and it shall forfeit all rights to retain withholding tax for the remainder of the withholding period.

10. Prior to March first each year, the department shall provide a report to the general assembly including the names of participating qualified manufacturing companies or qualified suppliers, location of such companies or suppliers, the annual amount of benefits provided, the estimated net state fiscal impact including direct and indirect new state taxes derived, and the number of new jobs created or jobs retained.

11. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset **six years after [**October 12, 2016**] August 28, 2013**, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset.

620.1915. 1. There is hereby created in the state treasury the "Missouri International Business Advertising Fund", which shall consist of appropriated moneys, gifts, contributions, grants, or bequests to be used solely for the purpose of attracting international businesses to Missouri. The fund shall be used for advertising the benefits of relocating an international business to Missouri and may be used to advertise in international business magazines, international social media sites, or any search engine that receives international traffic. The fund may be used to promote the existence and purpose of the fund. The state treasurer shall be custodian of the fund and may approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining

in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

2. The Missouri international advertising fund shall be administered and managed by the Missouri small business technology and development center and its coordinator, with the primary goal of encouraging any business located outside of the United States to relocate to Missouri.

3. The Missouri small business technology and development center shall establish a committee consisting of no fewer than three but no more than five persons for the purpose of reviewing which international markets are seeing an increase of business relocating to the United States and specifically use the funds that are deposited into the Missouri international advertising fund to create a marketing campaign directed toward the international companies in these markets. The coordinator shall establish its own rules of procedure.
